

International Citizens' Inquiry Into 9/11

May 25-30th, 2004, Toronto, Canada

www.911inquiry.org

Dear _____,

The International Citizens' Inquiry Into 9/11 is coming to Toronto May 25-30. This is Phase 2 of a series of such Inquiries, which launched in San Francisco in March. Phase 3 opens September 12, 2004 in New York City. The Toronto Citizens' Inquiry will be the largest such inquiry held in the world to date. It is anticipated that more than 1000 people will attend over the scheduled six-day event at the Ukrainian Cultural Centre and at Convocation Hall, University of Toronto.

This ambitious project is citizen-conceived, citizen-run, and citizen-funded. People like you and me are going to make it happen. **My immediate and urgent appeal to you is for a donation as large as you can make it. The need is now.** Our Inquiry could, in this U.S. election year, impact world events.

The Citizens' Inquiry brings together a broad coalition of people who question the U.S. Government's version of the events of 9/11.

More and more people around the world are skeptical about what really happened on September 11, 2001.

- Why for nearly a two-hour period, did no jet interceptors turn a wheel until it was too late?
- Why did George W. Bush, after being told, "America is under attack", continue to listen for 20 minutes to a student talk about her pet goat?
- The twin towers were designed to withstand a plane crash. Why did they simply collapse in a free fall? And why was building 7 demolished? It was not damaged by the towers' destruction.
- What actually hit the Pentagon? The "hole" is too small for a large airliner and the expected debris was inexplicably absent.
- Why has the White House so strenuously resisted open public investigation into these events?

The Toronto Citizens Inquiry Into 9/11 will bring together citizens from around the world, and the international media, to witness presentations from:

9/11 widow Ellen Mariani, who is suing George W. Bush for the loss of her husband on September 11th. She will address the Inquiry, as will her lawyer, Phil Berg. Other leading 9/11 skeptics that will be speaking include:

- Dr. John Gray – one of the world's best-selling writers, author of Men are From Mars, Women are From Venus;
- Michael C. Ruppert – former Los Angeles police detective;
- Thomas Kimmel – retired FBI Agent and US Navy officer;
- Michel Chossudovsky – author of War and Globalization, the Truth behind 9/11;
- Thierry Meyssan – author of 9/11 The Big Lie;
- Mathias Broeckers – best-selling German author/journalist – Conspiracy, Conspiracy Theories, and the Secrets of September 11

Other notable presenters are currently being confirmed. (Please check our website 911inquiry.org)

The organization and execution of this 6-day event will cost in excess of \$250,000. We have already raised more than \$100,000, but we need your help now to book facilities, and communicate with registrants and media throughout the world. Several key donors have given more than \$10,000, while a great number have donated over \$1,000. Some have chosen to give \$911 ! But your contribution, large or small, is vital to our success.

Your donation today will ensure that this Inquiry is front-page news, as the San Francisco Inquiry was in March. Here's how to make your donation:
